

THE LAST DYNASTY

Genre: Real-Time Musical Dynasty Thriller

Format: Feature Film (Standalone w/ Franchise Potential)

Runtime: ~120 minutes | ~90 scenes | One Continuous Night (11:30 PM – 6:00 AM)

Logline

When the legendary King Carter dies during his final party, his estranged daughter Jasmine must navigate locked gates, rising flames, and a web of betrayal to solve his murder and claim the fortune that could save her life. But in a mansion fueled by ego, secrets, and surveillance, the real legacy is buried deeper than blood.

Why It Sells

The Last Dynasty blends Knives Out intrigue with Empire-style spectacle and Euphoria-level emotion. Set over a single high-stakes night, it delivers a genre-fused cinematic experience: part murder mystery, part musical thriller, part emotional drama rooted in family, legacy, and artistic justice.

Key Themes

- Legacy vs. Inheritance
 - Artistic Ownership & Exploitation
 - Power, Truth, and the Price of Silence
 - The Rise of a New Cultural Order
-

Visual Style & Sound

Cinematic and theatrical: lush production design meets cutting-edge digital storytelling. Sequences are color-coded (Gold = Legacy, Crimson = Sin, Blue = Truth). Music is a narrative tool, performed live, layered through holograms, livestreams, and viral drops.
