THE OTHER MRS. JAMISON

What happens when the perfect wife learns she's not the only Mrs. Jamison, and the other one has gone missing?

A sleek, emotional psychological thriller set in Atlanta suburbia. Themes of betrayal, obsession and identity unravel through a modern lens. Think **Gone Girl energy with a Southern edge**.

STORY SUMMARY

When Claire Jamison discovers mysterious charges on her husband's accounts, she assumes he's cheating again. Instead she finds something far worse: another woman using her name, her address and her husband's signature. When the second "Mrs. Jamison" vanishes, Claire becomes the prime suspect in a case no one believes she's innocent in. To clear her name, Claire must uncover a hidden relationship that predates her marriage and a conspiracy with her husband at the center.
